DIGITAL RECORDER DR-1

Plextor's brand-new digital recorder for DAISY book creation.

Meet Plextor's brand new digital recorder, the DR-1! You can easily start DAISY (Digital Accessible Information System) book creation with the DR-1. The DR-1 has excellent recording quality and a user-friendly interface.

QUICK

No complicated setup is required for the DR-1. Just connect a microphone and insert a CF card! Longer recording times are possible by using a higher capacity CF card.

CF card Estimated Recording Time

Recordable format	PCM	MP3		
	22.05kHz	64kbps	48kbps	32kbps
512MB	2.5 hour	15 hour	20 hour	30 hour
1 GB	6 hour	30 hour	40 hour	60 hour
2 GB	12 hour	60 hour	80 hour	120 hour

EASY and SIMPLE

Larger buttons and display make for easy operation.

SHARE

The DR-1 makes the DAISY book creation process much simpler. It not only has a recording function, but also simple editing functions such as breaking sections or pages. By use of computer-based software, like the bundled PRS software, narrators and editors can efficiently share the DAISY created titles by the DR-1. PRS is included for more complex editing functions.

DIGITAL RECORDER DR-1

- Recording media: CF card
- Dimension: 173mm (W) x 57mm (H) x 210mm (D)
